Mullins Wheels is proud to release the **Outlaw 4x4 & SUV Wheel** which is the latest addition to their 2016 4x4 Alloy Wheel Range.

Outlaw is an aggressive, tough looking 4x4 & SUV wheel in a traditional 5-spoke configuration. The five spokes are wide and strong and have sculptured features. The front face has a nice deep dish and this wheel will be very easy to clean. Outlaw is finished in a hardy satin black, baked enamel paint finish, able to withstand the most harsh 4x4 off-road conditions.

**Outlaw** will fit onto a large range of the most popular Australian 4x4 vehicles, including top sellers like Hilux, Ranger, Triton, X-Trail, D-Max, RAV4, Landcruiser, Prado and more
