SATIN BLACK MACHINED FACE WITH DARK TINT FINISH

4X4 VEHICLE APPLICATIONS

Mullins Wheels is proud to release the **HAVOC** wheel in a fantastic new, Satin Black Machined Face with Dark Tint finish, into our CSA 4x4 Alloy Wheel range.

HAVOC is a tough 7-spoke wheel with a deep-dish design. The wheel features a machined face, finished off with a dark tint, to give the wheel a distinctive grey-metallic appearance. The quality cast bolts around the rim edge complete the tough appearance of the wheel.

Havoc is available in 16x8, 17x9 and 18x9, with both 5 and 6 stud applications. Havoc is load rated at 1,150 kg in 16x8 and 1,250 kg in 17x9 and 18x9 sizes.
