CSA DIABLO - NEW WHEEL RELEASE

The CSA **DIABLO** alloy wheel is the latest new wheel release in the Mullins CSA 2012 range. The Diablo is a stunning new twin-spoke wheel. Ten sharp, angular twin-spokes make Diablo stand out. It has a classy, yet aggressive look and it will appeal to many.

Diablo is available in four great new sizes 17x7", 17x7.5", 18x7.5" and 18x8" - Available Now

402-224	Tuner Nut 12x1.5	402-225K	Max Load 690 kg	Black / M-Face

CSA DIABLO 18X8 - Special Fitment Notes:

Please note the below listed Diablo part number is multi-drilled with **5/112** and **5/114.3** bolt pattern's. These bolt patterns look very similar to the naked eye. So beware when fitted this wheel to select the correct stud holes

Diablo 18x8 Vehicle Fitments				
Ford Falcon plus Small SUV's <u>plus</u> selected Euro 5/112 applications				
Size	Mullins Part Number	PCD	Offset (ET mm)	Bore
18x8	295-880P36-5WB	5/112/114.3	36 Pos	73.1

To prevent an incorrect fitment, please take special note of the schematic below and make sure the correct bolt pattern is used when fitting wheels to 5/114.3 vehicles and 5/112 vehicles.

Front of Wheel:

When fitting this wheel, use the **valve hole** as the reference point to ensure the correct bolt pattern is selected.

Rear of Wheel:

The rear mounting face is also **stamped** with 114.3 and 5/112 to identify the correct bolt holes.
