JACKAL 16X8 P45 - SUITS NEW FORD PX RANGER & MAZDA BT50

CSA has added another specification to its top selling **JACKAL** 16x8" wheel range with a new 45 Positive offset wheel.

The new **JACKAL** wheel features the same aggressive styling, which is accentuated by a fully machined face, chrome cap & embossed CSA decal.

The new **JACKAL** spec has the correct offset for both the new **Mazda BT50** Ute and the new **Ford Ranger PX** Ute.

The new **JACKAL** has a specially machined 93.2 mm hub-centric centre bore, which suits the Ford and Mazda vehicles. The bolt holes are machined to accept the original equipment wheel nuts.

Part Number: 291-680P45-67B is available now from *mullins wheels*
