MARANELLO - 20x8.5 FLOW FORMED:

Bulletin No: 208 Product Group: Alloy Wheels

Our CSA Maranello 20x8.5" Flow Formed wheel: Is made using Hi-Tech Flow Forming Technology. After raw casting, this involves an advanced spinning process under high pressure, which stretches and compresses the aluminium to increase the wheels tensile strength. Flow formed wheels are lighter & stronger. They have a greater shock resistance as well as an increased load capacity compared to regular cast alloy wheels.
